## MISS LOUISE CONNELL INJURED IN COASTING ACCIDENT

Miss Louise Connell, daughter of Mr. and Mrs. John J. Connell, of Paris, who is a student at the University of Kentucky, in Lexington, was badly injured about 9:45 o'clock Wednesday night, when a bob sled being towed by an automobile collided with a taxicab. Miss Connell's left ankle and her collar bone were broken.

Miss Connell in company with a party of students, was riding on a bob sled being towed by an automobile. They had hardly been out ten minutes when the accident occurred on Cramer avenue, at the corner of Cramer and Ashland avenues. The sled was trailing the auto at a distance of about ten or twelve feet, when the taxicab suddenly came around the corner, coming in collision with the sled. The members of the party, Miss LaVerne Purcell, Miss Juliet Goslee, Frank H. Wright and Miss Connell were thrown off. Miss Connell, who was most severely injured, was thrown under the taxicab, and it was lifted from her body after both machines had been stopped. Both machines were running at a high rate of speed, it was said. Miss Purcell's left leg was broken. Miss Goslee sustained a wrenched knee and was shaken and bruised. Wright's left leg was broken. Miss Sip Akers, Joseph Delong and Evan Ingels, who were on the sled, escaped injury. The members of the party absolved the driver of the taxicab from blame, stating that the accident was unavoidable.

Miss Connell, Miss Goslee and Mr. Wright were taken to the Good Samaritan Hospital, and Miss Purcell was taken to St. Joseph's Hospital. Miss Connell's mother is at her bedside.

## COUNTY COURT NEWS

In the County Court Judge Geo. Bafferton imposed a fine of \$5 and costs on Thomas Lyle on a charge of breach of the peace.

The Court appointed Mrs. May Stoner Clay as executor of the estate of the late Capt. James R. Rogers. Mrs. Clay accepted the trust and qualified by furnishing bond in the sum of \$2,000, with Hiram M. Roseberry as surety. W. A. Thomason was appointed as executor of the estate of the late Mrs. M. A. Flora. Mr. Thomason qualified for the trust by furnishing bond in the sum of \$3,500, with E. J. Burris as surety. Mitchell B. Jackson was appointed as administrator of the estate of his mother, Mrs. Mattie Martin, and qualified in the sum of \$8,000, with H. M. Collins as surety.

## COLORED PRISONERS ESCAPE FROM PARIS JAIL

Another daring jail delivery, the prisoners following identically the same plan used another prisoner, Jeff Johnson, colored criminal, was effected at the Paris jail Tuesday night or early Wednesday morning. Two prisoners, Bob Green, jailed on a charge of burglarizing a store at Clintonville, and Tom Bradley, charged with burglarizing the commissary of the Mason-Hanger Co., at Kalapa Farm, some time ago, were the principals in the event. The men heated the stone in their window, pushed it aside far enough to permit the passage of their bodies, gained the yard and scaled the outside wall, dropping to freedom unobserved. Mrs. Taul, wife of Jailor Tom Taul, heard the noise, and summoned Patrolman George M. Hill. An investigation was made. The tracks where the men had alighted in the snow outside the wall told the tale of their getaway.

The frame window casing was prized out and broken up, and with matches secured from other prisoners, was used as fuel for a fire built against a heavy upright stone which divided the window into two parts, leaving an opening. When the stone was hot, an iron rail from their sleeping bunk was used as a battering ram, and the bottom of the rock chipped through. In this manner their escape was effected.

Capt. Mulliken and his blood hounds were sent for, but he reported that the heavy snow on the ground and still falling would interfere with the work of the dogs. The authorities of surrounding towns and counties were promptly notified and furnished with a description of the men, whose capture may be effected soon.

## NOTED VIOLINIST COMING

Jules Falk, noted violinist, who has appeared in recital here on several occasions, will appear in a brilliant program in the auditorium of the Paris High School, on Monday night, February 7, at 8:15 o'clock. The proceeds of the entertainment will be devoted to school improvement purposes.

Mr. Falk is well-known here, and on his previous visits won laurels by his brilliant performances. He is an artist of national renown, and should be greeted by a large and representative audience of music-lovers when he appears here. Mr. Falk is a cousin of Louis Wollstein and Chas. S. Goldstein, of Paris.

The only woman violin maker in Ohio and probably in the United States is Mrs. J. W. Klein, of Norwalk. The instruments are all of her own make.

More than 100 women are employed as chemists by German industrial companies.

## BIG TIME FOR THE KIDDIES TOMORROW

To-morrow will be a big day for the kiddies, and others of larger growth, perhaps. A special children's matinee will be given at the Grand Opera House, to-morrow morning, beginning at ten o'clock, with a special run of reels, comprising Charles Ray, "Fatty" Roscoe Arbuckle and Harold Lloyd, in comedy pictures, well calculated to tickle the risibilities of the youthful attendants. In addition to the picture program a special musical program will be rendered by Gregg's Orchestra, supplemented by two large Edison phonographs, all combining to make a program that will be sure to please.

The entire receipts from the performance will be donated to the Herbert Hoover Relief Fund for starving European children. The same thing will be carried out in all the movie houses in the United States at the same time. All the employees of the local houses have donated their services for the occasion. The motion picture corporations of the county have given a pledge to raise the sum of \$2,500,000 to help save the lives of 250,000 children, and it is believed that this amount will be doubled.

The advance sale of tickets has been very large, and is going on at a rapid rate. Every citizen of the city should buy a number of these tickets and give them to children who are unable to purchase admission to the entertainment. It will afford them pleasure, and make the donors feel better for so doing.

## GERMANY MAY TAKE PART OF LOW GRADES

The German government may relieve the Kentucky farmers of a large part of their low grade tobacco.

Representatives of the Kentucky growers have been in conference at New York with a spokesman of the German government, which wishes to bid for a large order of Kentucky low grade tobacco.

If the German government gets possession of this tobacco it will control it as a government monopoly and will sell it to German subjects.

The depreciation of the German mark is the greatest obstacle in the way of working out the transaction along practical lines.

## FARM BUREAU MEETING

At a meeting of the Bourbon Farm Bureau, held at the court house, in this city, Walter Meng, president of the local organization, introduced Geoffrey Morgan, secretary of the State Farm Bureau Federation. Mr. Morgan, in a brief address, gave in detail a summary of what the Farm Bureaus had accomplished during the past year.

On the first of January, 1920, he said, there were only 1,400 members of the State organization, and on the first of January of the present year there were over 12,000 members, with forty-seven counties organized. He took up the different questions that had been settled by and through the Farm Bureau Federation, and stated that everything was organized, even to the little newsboys on the street, and why not the farmer? His talk held the undivided attention of his audience from start to finish, and would have been of great interest to every farmer in the county. At the conclusion of Mr. Morgan's address Mr. Meng spoke briefly of matters relating to the local organization.

## COMMERCIAL CLUB LUNCHEON AT WINDSOR HOTEL

The Windsor Hotel has perfected arrangements for handling the first noonday luncheon to be given by the Paris Commercial Club, which is scheduled for next Tuesday, February 1, from 12:30 to 1:10 p. m. The tickets will be limited to fifty, so that all desiring to attend are urged to have their tickets reserved without delay by notifying Wm. E. Hacker, Secretary of the Commercial Club.

Music by an orchestra will be furnished during the luncheon, and directly after a short talk will be made. The speaker of the occasion has not yet been selected.

## POOL ROOM BURGLARIZED

Burglars visited the pool room of Dava Dutler, on Main street, Tuesday night and after inspecting the contents of the place thoroughly, selected a lot of choice cigars, tobacco, several cartons of cigarettes, and \$5 in cash, and escaped.

One of the clerks in the pool room lost a bunch of keys Tuesday afternoon. It is the theory of the police that someone found the keys and secured entrance to the room through the front door, as no locks, doors or windows were disturbed, the front door being found locked when the place was opened up for business Wednesday morning.

## 3,310 TEACHERS QUALIFY FOR CERTIFICATES

One thousand one hundred and forty-two first grade teachers' certificates, 1,932 second grade certificates were issued by the State Department of Education during 1920, according to a report issued at Frankfort. There were 5,700 applicants for first and second grade certificates. The next examination will be held in May.

## COUNTY DIPLOMA EXAMINATIONS

County Diploma examinations will be held at the court house in this city to-day and to-morrow, Friday, January 28, and Saturday, January 29. It is hoped and desired that every teacher in Bourbon county, who has children in his or her school who are prepared to take this county diploma examination, will see that they and their parents are interested enough to be present at the court house to-day. It is hoped that every teacher in the county will lend every interest possible to the work.

One other examination will be held in May. If you think your children are not prepared now for the January examination, see that they are ready for the examination in May. Prof. Lee Kirkpatrick, president of the Bourbon County Teachers' Federation, is very anxious that Bourbon county shall lead Kentucky in the number of pupils taking these examinations. In other words, he wants Bourbon schools to turn out more eighth grade graduates than any other county in the State. He will be glad to have as many Bourbon county teachers come with the children as possible.

Be on hand promptly at eight o'clock this (Friday) morning for the examination. Mr. Kirkpatrick is depending on you to help to succeed in bringing Bourbon county out in the lead.

## P. H. S. SECOND SEMESTER, JANUARY 31

The second semester at the Paris City Schools will open on Monday, January 31. Several new and interesting courses will start in the High School. Among the new courses will be mechanical drawing, commercial geography, commercial law and commercial English.

A new section of the freshman class will begin, making it possible for a student to enter High School now and not wait until next September.

New classes in shorthand, typewriting and bookkeeping will start on January 31. Many young people in Paris are not working now. Why not come to these commercial classes and prepare yourselves for better positions? You can arrange work to suit your need. Better times are not far off, let the school help you get ready for them. Remember, all the new classes start on Monday, January 31.

## JOINT TRAINING SCHOOL

A long stride forward was taken in Paris recently when at a meeting held at the Methodist church the Executive Committee of the Sunday School Board and the Board of Missions decided to consolidate their interests in holding a standard training school for Christian workers at the Kentucky Wesleyan College, in Winchester, on August 8 to 14.

This school will be the first of the kind to be held in the Kentucky Conference. Seven courses of study will be offered. Rev. C. H. Greer, pastor of the Paris Methodist church, was elected Chairman of the Board of Managers, Dennis V. Snapp, of Paris, Secretary, and David Davis, of Ft. Thomas, and Wm. Gragg, of Somerset, treasurers. The Executive Committee will be composed of the two chairmen of the Boards co-operating. Rev. Prentiss, President William B. Campbell, of Kentucky Wesleyan College, Dr. G. W. Banks and Dennis V. Snapp. The latter was selected to take charge of the publicity department.

The visitors were entertained at luncheon at the Ellis Tea Room. Present were: Rev. G. W. Banks, Winchester, chairman of the Mission Board; Rev. J. Q. Schisler, of Nashville, representing the General Sunday School Board; Rev. W. B. Garratt, Berry; Rev. George B. Prentiss, of Lexington, Centenary Secretary, Dr. C. C. Fisher, president of Millersburg College; Rev. C. H. Greer, of Paris, chairman of the Sunday School Board; Wm. B. Gragg, Somerset; David Davis, of Ft. Thomas, treasurer of the Kentucky Conference Methodist church; Dennis V. Snapp, Paris, Field School Board, the State Sunday School Board. Rev. C. L. Bohon, presiding elder of the Danville district, was present as a visitor.

## CANCELLING TOBACCO INSURANCE

Several fire insurance agents in Paris have received telegrams from head offices, directing them to immediately cancel all policies covering tobacco barn buildings. The following telegram received by one agent is similar to others:

"Due to unsettled conditions of the tobacco market and large number of severe losses on tobacco in barn, which we hoped would abate, but which have steadily increased, with no prospects of let-up, we must ask you to immediately cancel all outstanding policies covering tobacco in barns and also liability on tobacco barn buildings."

## REGISTERED DUROC SALE

At the sale yesterday of registered Duroc hogs, held by Walter S. Meng, at his Bridgeway Farm, near North Middletown, 38 high bred sows and gilts sold for an average of \$90.00. The highest price for an animal was \$450. Most of the purchasers were Bourbon county farmers. The sale was conducted by H. L. Iglehart & Son, auctioneers, of Williamstown.

## THE TOBACCO MARKETS

Following the sales of Monday, when a total of 60,285 pounds was sold at the Bourbon Tobacco Warehouse for an average of \$15.49, and 136,330 pounds at the New Independent House, for an average of \$16.09, sales were resumed Tuesday. The market was about on a par with that of the previous day, and possibly a shade higher. All the medium grades were in better demand, and there was a very noticeable decrease in the amount of inferior tobacco. Good red tobacco was in active demand. Receipts were as large as at any previous day on the local market. With all floors crowded there was a long line of wagons extending as far as Fourteenth street, awaiting unloading. The tobacco district is clogged with wagons waiting for a chance to get on the floors.

The Bourbon Tobacco Warehouse sold a total of 256,300 pounds, for \$36,176.31, an average of \$14.11. The New Independent House sold a total of \$136,300 pounds for \$21,349.50, an average of \$16.09. Baskets ranged from \$1 to \$55 a hundred pounds. Farmers are leaving their inferior grades of tobacco at home, thereby obtaining better averages. Growers, merchants, bankers, warehousemen, and all others connected with the tobacco industry are encouraged over the more favorable turn in the market.

The Paris market was not so strong Wednesday, some grades showing a decline. The Bourbon Tobacco Warehouse Company sold 123,370 pounds of tobacco for \$16,140.96, an average of \$13.08. Among the best averages were the crops of Marshall & Moreland, 6,355 pounds, averaging \$22.51; W. M. Rogers & Tarr, 6,925 pounds; Buckner Woodford & Ritchie, 3,555 pounds, averaging \$30.34. Two of the highest priced crops of the season on the Paris market are those of Palmetter & Caywood, 2,925 pounds, average, \$33.09, and John Taul & Son, 2,515 pounds, average \$34.00, both crops being from Montgomery county.

The Independent House sold Wednesday a total of 144,690 pounds of tobacco for \$17,027.19, an average of \$11.76. Some of the best crop averages were: Baldwin, Isgrigs & Fredericks, 2,575 pounds, average \$23.66; Bell & Bell, 2,915 pounds, average \$21.75; Burns Hinkle 2,070 pounds, average \$20.41; Moores Bros., 3,786 pounds average \$31.09.

## COURT OF APPEALS AFFIRMS BOURBON CASE

In the Court of Appeals at Frankfort, Tuesday, the case of McKenna's Administrator vs. Paris Home Telephone Co., from the Bourbon Circuit Court, was affirmed, the decision being handed down by Judge Sampson.

Mrs. McKenna was instantly killed during a thunder storm some time ago, when lightning struck a telephone wire entering her home. The instrument was torn from the wall, and other damage inflicted.

When the storm came up Mrs. McKenna was seated at a sewing machine at work, near the telephone. When the case was called for trial in the Bourbon Circuit Court, Circuit Judge Robert Lee Stout, dismissed the action, on the grounds that at the time of the accident the telephone systems of the country were under the jurisdiction of the government, and therefore, no action could be brought against the telephone company. This view held by Judge Stout was concurred in by the Court of Appeals in the decision handed down by Judge Sampson.

## MAN O' WAR PASSES THROUGH PARIS

Cosily housed in a comfortable steel horse Pullman car, and accompanied by a retinue of attendants, Man O' War, super-horse, and king of the thoroughbred world, passed through Paris at 10:20 yesterday morning, over the Louisville & Nashville, bound for Lexington. A number of enthusiasts were present at the Tenth street passenger station when the train pulled in and gave the royal horse a warm welcome.

When C. C. Collier, local agent of the American Express Company, boarded the car to receipt for the equine wonder, and those present had a brief view of the animal, swathed in blankets, but looking every inch a super-horse. Man O' War stuck his head over Mr. Collier's shoulders, and actually winked at the crowd, as much as to say: "Glad to see you folks."

The final public appearance of the king of the American turf has been postponed until two o'clock, this (Friday) afternoon. The postponement, according to Samuel D. Riddle, owner of the horse, was not due to the unfavorable weather which prevails at present, but to the fact that Man O' War and his attendants would be tired out from their long journey from Berlin, Maryland. A large number will go from here to Lexington to see the super-horse.

## NEW SOMERSET PAPER

Somerset has another newspaper, published by Roy B. Ends, and called the Pulaski County Republican. This is an eight page paper to be published once a week. This is the second Republican paper in Somerset.

## ODD FELLOWS PLAN FOR ORPHANS' HOME

The first meeting of the advisory committee appointed at the last meeting of the Odd Fellows' Grand Lodge was held in Louisville, Monday. Plans were laid for completing the raising of a \$500,000 fund for the Orphans' Home at Lexington. Three-fourths of the amount was raised during 1920.

Another function of the committee will be to work for the installation of new lodges in the State. Seven thousand new members in Kentucky is 30,000.

It was also decided that any surplus of the \$500,000 Orphans' Home Fund will be applied to the upkeep of the Old Folks' Home at Eminence.

Members of the committee who attended the meeting were Ambrose Bruner, of Louisville, chairman; Charles E. Cook, of Middlesboro; J. W. Riley, of Morehead; Dr. G. B. Claxton, of Lawrenceburg; George A. Cabbage, of Leitchfield; George I. Breiel, of Newport; H. Wade Hampton, of Russellville; F. M. Nance, of Providence, and John W. Counts, of Paducah.

## FOR THE FREEDOM OF IRELAND

Frank McCarthy, son of the late P. I. McCarthy, now a prominent young attorney in Lexington, addressed a large assemblage at the Catholic Club rooms, on High street, Tuesday night, in the interest of the organization here of a branch of the League for Irish Freedom.

Mr. McCarthy's address was a gem of oratory, and stamped him as one of the coming orators of the State. It was logical, eloquent, full of feeling and pathos, teeming with facts and figures, and one that held the attention of his auditors to the very last word.

A number of signatures were obtained for the preliminary organization which will be effected here at a later date.

## BASKET BALL

The Cynthiana Athletic Club basketball team invaded Paris, Tuesday night, and nosed out the Paris Knights of Columbus team in a closely played game at the Y. M. C. A. The two teams were almost neck to neck up to the final two minutes of play, when the visitors pulled away and won by the safe score of 30 to 26. The line-up was as follows:

Paris—Kenney, W. Woods, forwards; H. Santen, center; Brophy and Woods, guards.

Cynthiana — Hetterick, Bingles, forwards; Rees, center; Williams and Adams, guards. Substitutes, for Paris K. of C.—Frank Santen and Brophy. The Cynthiana five will play the local Y. M. C. A. team in Paris next Tuesday night.

## STATISTICS OF NET INCOMES FOR 1918.

WASHINGTON, Jan. 25.—One person in the United States had a net income of more than \$5,000,000 for the calendar year 1918.

Sixty-seven others made more than \$1,000,000, and 178 had their wealth swelled by more than \$500,000.

Two of the "more than a million" class obtained \$4,000,000 to \$5,000,000, four between \$3,000,000 and \$4,000,000, 11 from \$2,000,000 to \$3,000,000, and 33 between \$1,000,000 and \$1,500,000.

Of the 178 who received net incomes ranging between \$500,000 and \$1,000,000, 46 made from \$750,000 to \$1,000,000 and 132 from \$500,000 to \$750,000.

These figures were made public Monday in an official report of the Commissioner of Internal Revenue. The names of the persons making the returns were not revealed.

A total of 4,425,114 persons filed returns for the year ending December 31, 1918. The aggregate net income reported was \$14,924,639,355, and the normal and surtaxes paid amounted to \$1,127,721,835.

The average amount of tax paid by each person was \$254.85, and the average tax rate was \$7.08.

As compared with the 1917 the returns for 1918 show an increase of 952,224 in the number of persons paying income taxes. A growth of \$2,272,256,148 in total net income was reported, and an increase of \$436,228,881 in the amount of taxes paid.

Corporation income tax returns for the calendar year 1918, other than personal service corporations, numbered 317,579. Of these 202,061 reported net incomes amounting to \$8,361,511,249, an income tax of \$653,198,483, a war profit and excess profits tax of \$2,505,565,939.

The number of joint returns of husbands and wives, with or without dependent children, and of husbands whose wives, though living with them, filed separate returns, was 2,599,057.

The number of wives making separate returns as heads of families was 296,902. The number of single women filing returns as heads of families was 82,251. The number of returns from all other single men was 1,195,301 and from all other single women, 255,661.

## WHAT PARIS WANTS TO KNOW

### The Answer Is Found In The State- ment of a Paris Resident

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Paris man:

Phillip M. Heller, proprietor meat market, 314 Second street, says: "I have used Doan's Kidney Pills a few times in the past and have been greatly benefited by them. Whenever my back has been weak or lame or my kidneys have acted too frequently, causing me to get up during the night, a box of Doan's Kidney Pills, which I get at Varden & Son's Drug Store has always given me relief. I certainly think Doan's are a splendid remedy and gladly recommend them to anyone." (Statement given November 9, 1916.)

On November 12, 1920, Mr. Heller said: "I am glad to say the cure Doan's Kidney Pills made for me has been a lasting one. All I said in the past in favor of them I now confirm for I think just as highly of Doan's to-day as I ever did."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Heller had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

### Beeswax Finish.

To try this method of covering the cracks in furniture soften beeswax until the consistency of putty, then press it into the cracks very firmly, smoothing the surface over with a thin knife. The surrounding wood should then be sandpapered with fine sandpaper, working some of the dust into the beeswax.

### Paper a Weed Killer.

In Hawaii it has been found that weeds can be kept down in sugar plantations by covering the fields with paper.

## SWIFT & CO'S WEEKLY PRODUCE MARKET REPORT

January production of butter is reported above normal. Due to the increasing supplies, the markets have worked lower during the week.

The S. S. Frederick VIII arrived at New York during the week with a cargo of approximately 2,000,000 pounds of Danish butter. Further importations are expected in February, as Danish butter is offered at prices below the present quoted markets. Danish butter is of generally better quality than the average make of the creameries in the Central States. Producers should recognize the necessity for improving the quality of cream delivered to stations, thereby enabling the creameries to make better butter, which will compete with the Danish product.

Due to the mild weather throughout the producing sections, receipts of eggs are showing a material increase, with lower prices prevailing in all the larger markets.

Poultry receipts are below current requirements, and some stock is being withdrawn from storage. Prices show little change from last week.

## EDUCATED HEN MARKS EGGS FOR OWNER.

The whole neighborhood at Woodbine, three miles from Corbin, on the L. and N. railroad, is excited over an egg laid by a hen belonging to Mrs. Nettie Faulkner, and on which appear the words in script in brownish letters on the shell: "Nettie, January 25, 1921." The handwriting has not been identified as of any member of the family nor does it appear to come from a lead pencil or ink, but is plainly visible, worked into and apparently part of the hard-shelled of the egg. How the letters got there is a mystery. No explanation has yet been found. Neighbors viewed the egg. Mrs. Faulkner, family and friends are greatly excited over it. Photographs were taken and one offer of \$25 for the strange trophy was refused. The egg, after being shown in Woodbine, was brought to Corbin and exhibited at a local drug store. Part of the egg was soft, but the letters appear. It is said, on the hardshell part. It was not broken, is of normal size, and was taken from the nest by Mrs. Faulkner herself, who was first to discover the inscription.

Over fifty years ago a young physician practiced widely in Pennsylvania and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce who afterwards established himself in Buffalo, N. Y., and placed his "Golden Medical Discovery," in the drug stores of the United States. When you feel run-down, out of sorts, blue and despondent try the energizing influence of Golden Medical Discovery in tablet or liquid form. Nearly a million bottles were sold last year.

#### THE "STAY-IN-SCHOOL" DRIVE

School children, multi-thousands of them, soon will be graduated from the eighth grade. These and children from lower grades, all finishing the first half of the school year now face the temptation to "get a job." That means quitting school. It means putting behind the child that worthy ambition to acquire a good education.

In many cities "stay-in-school" drives are well under way. These are intended to discourage children from running into industry. The New York Child Labor Committee, the State Employment Bureau and the Department of Education will cooperate in bringing the facts before the older pupils in elementary school and in high school.

The campaign to keep children in school is of particular importance just now because of the condition of the labor market to-day and the increasing unemployment. This will make it more difficult for the child to get a job.

That is something the parents should consider well before even consenting to discuss the matter of the child's quitting school. And it should not be thought of, even though a job is obtainable, if it is possible to keep the child at his books.

One more term of school will mean more to any child to-morrow, than all the money he can earn to-day. Stay in school!

#### HANCOCK HORSES WON \$244,247 LAST YEAR.

Mr. Arthur B. Hancock, of Paris, Master of Claiborne Stud, near this city, has the proud distinction of being one of the four most successful breeders of money winning thoroughbred race horses raced throughout the year of 1920. During this period he bred and sold by Mr. Hancock won a total of \$244,247 in purses.

Mr. John E. Madden, of Hamburg Place, heads the list of winning breeders with a total of \$483,221, with the stable of Mr. Harry Payne Whitney a close second, the Whitney colts totaling \$481,690. Mr. August Belmont comes third with \$351,406, and he in turn is followed by Mr. Hancock.

The Thoroughbred Record, in commenting on the leading breeders says: "For the fourth year in succession John E. Madden holds the enviable position of leading breeder of America. This unmatched record was the natural outcome of a stud gathered with profound knowledge of the successful producing lines of the world and the commingling of the best. Horses bred at his Hamburg Place Stud won 318 races and \$483,221 in stakes and purses in 1920.

"The wonderful success of the H. P. Whitney-bred horses in the racing of last year for a time threatened the supremacy of the Madden-breds in so far as money won was concerned, but after the stars of Brookdale Stud breeding had retired with the conclusion of the fall racing, the numerous descendants of Hamburg Place continued to gather the golden shekels at winter meetings, with the results above mentioned.

"Horses bred by Mr. Whitney won 220 races and \$481,690, giving the leading money winner owner of 1920 second place on the breeders' list both in respect to races and money won.

"Third place fell to August Belmont, the producer of his famous Nursery Stud, the birthplace of the peerless Man o' War, winning 126 races and \$351,406. Then come in the order named A. B. Hancock, H. T. Oxnard, E. R. Bradley, R. T. Speckles, each having substantial and convincing evidence of the racing prowess of the thoroughbreds that first saw the light of day at their various breeding establishments.

#### YOU CAN'T DODGE IT

Once In Awhile Your Blood Clogs and Your Vitality Runs Down

THEN TAKE PEPTO-MANGAN

You'll Pick Up Again Quickly With Plenty of Red Blood Corpuscles

Physicians nowadays take a blood test when you are run down. They count the red corpuscles in your blood. If these are too few they give you a tonic for your blood. It happens right along. They are always on the lookout for indications of weak blood.

Why? Because they know when your blood is weak your resistance to disease is low. Your vitality and energy quickly run down.

You can tell when your blood is weak. You look pale, feel tired. You are not ill, but you don't feel right. You don't want to do things. That is the time to take the well-known tonic, Pepto-Mangan.

Pepto-Mangan builds red blood corpuscles. Physicians have prescribed it for thirty years.

Pepto-Mangan is sold in liquid and tablet form. The medicinal value is exactly the same. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan "Gude's." The full name, "Gude's Pepto-Mangan," should be on the package.

#### WONDERFUL NEW CAVE RIVALS MAMMOTH CAVE

A great underground "cathedral," with an avenue half a mile long and dome rising 200 feet, has been discovered in Great Crystal Cave, eleven miles from Cave City, Ky., near the Green River. Its wonders are said to rival those of Mammoth cave, main entrance of which is nine miles away. Floyd Collins, whose farm the cave was discovered, found a human skeleton, pronounced that of an aborigine antedating the Indians, on a terraced ledge above the floor of the newly-discovered gallery. The bones are being held at Cave City and scientists will be asked to pass on their antiquity. The cave, then supposed to be small was first discovered three years ago when Collins' brother noticed that air entered a sinkhole in a hollow. He made an opening with dynamite. Floyd Collins, a day or two ago, rolled back a boulder and revealed an opening through which he crawled, after building a signal fire at the aperture. Besides the long main gallery, whose floor is smooth as a boulevard, there are numerous galleries leading from it that have not been explored.

#### Live Electric Plants.

There are in all about 50 species of electrical fish, but the electrical properties of only five or six have been studied in detail. The best known are various species of torpedo, belonging to the skate family found in the Mediterranean and Adriatic seas; the gymnotus, an eel found in the region of the Orinoco in South America; the malapterurus, the ranch or thunderer fish of the Arabs, a native of the Nile, the Niger, Senegal and other African rivers, and various species of skate found in the seas around Great Britain.

#### Irish Language.

The Gaelic language is the original and historical language of the people of Ireland, though most of that country's inhabitants speak English. Gaelic is now taught in the national schools, Catholic parish schools and colleges in Ireland, as well as at Harvard university, Notre Dame university and the Catholic University of America at Washington. There has been a revival of the use of Gaelic through the efforts of the Society for the Preservation of the Gaelic Language.

#### The Magic Square.

The origin of the magic square is usually ascribed to the Chinese as the Yih King, an early classic, describes it. The magic square was known to the Hindoos and to the Arabian astrologers.

#### HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Take one or two nightly and note the pleasing result. Millions of boxes are sold annually at 15c and 30c.

#### THE TIME FOR AN ADVERTISING CAMPAIGN

There was never a better time for a rational, well-considered and aggressive advertising campaign than right now. The man of small vision will disagree, and in so doing he will miss his golden opportunity. The man who has imagination, courage and initiative, whose vision is not contracted and fixed upon the discouragements of the hour, but upon the horizon where the crest of the returning tide can be seen, will prepare to take advantage of it at the flood.

Some business men reduce their advertising space in order to curtail expenditures on the theory that if they must practice economy, it is best to cut down the items of expense where they are least essential. Advertising seems, to the business man of a certain type, to be a luxury which may be safely indulged in during prosperous times, but which cannot be bought except in a limited way when the market is dull.

It is the other way around. The dull periods are those which demand the largest and most careful expenditure of money for advertising. It is needed, like a stimulant, in times of weakness.

Big advertising firms are receiving letters which read, "please cancel my advertising, but don't mention, and go on writing in an optimistic vein about business conditions." Or the customer writes, "cancel our advertisement. We must husband our resources."

It is worth inquiring whether it isn't true that if business men generally were to enter upon a vigorous campaign of judicious advertising it would not have the effect of creating in the public mind a new feeling of confidence and optimism, and induce sooner than anything else a resumption of large-scale production and consumption.

Advertising is the life-blood of trade. To "husband resources" at this point is like going back in medicine to the practice of bleeding the patient to reduce the fever when what he needs is better blood and more of it.

Business men are insistent that the press sound over and over the note of optimism. They regard this as wise and beneficial. But there is no other way in which optimism can be spread so effectively as through a generous appropriation of money for high-class advertising.

The men who follow such a policy will find their reward in the good times ahead. They will be the creators of prosperity and have a right to the major share.

#### EUROPEAN RELIEF FUND

The European Relief Council fund of \$33,000,000 has not yet been secured, but continues to grow with gifts, some large, some small pouring in every day to help feed the 3,500,000 children in Europe, victims of the war. These children are undernourished, many are ill, and they must be helped quickly or they will starve. They are fed now in American kitchens in their native lands which must be closed if the Hoover fund is not secured.

From the children of Kentucky come many dollars for the suffering little tots. An editorial in the Louisville Herald praises the spirit of these children's gifts and is quoted in part, below:

"It seems that from the Sunday Schools of Kentucky, hundreds of dollars have come forward to help meet this most heartbreaking of emergencies and that these gifts have come from every section; no community, no congregation has thought itself either so small or so remote as to be immune.

"It has been no perfunctory, and therefore no easy, giving. May we say to those young people that what they have done, what they are doing—for as yet the tale is incomplete—carries with it a certain purity and sweetness not easy to set forth in words? To succor the hungry is beyond all thanks. To teach a suffering humanity that it has not learned on God in vain, that is a golden deed. Not wholly dreadful is their condition, for these children have gone crusading for them, nor are their cities and habitations of despair and nothing more, for these have prayed for them."

## EDITORIAL FLINGS OF THIS, THAT 'N' TOTHER

The four-garment girls may get more partners at the dance, but they are not the kind who get life partners.

The Paris merchant who cuts down his advertising appropriation in order to reduce expenses reduces his income a good deal faster than his liabilities.

Some people are rheumatic; some are dyspeptic, and others are just naturally grouchy. We have all three here in Paris, but there are a few left who still smile and see the sunshine.

The man who has been prudent and careful with his earnings the past few years is not crying "hard times." It is the man who spent his money like he could pick more from the bushes like a berry, who is the biggest calamity howler.

According to Martin Luther, wine, women and song are men's chief educators. Prohibition has eliminated wine and the musical comedies have murdered song, but the modern woman carries a triple burden as if she liked it.

Why will some people continually worry about things that may never happen in the future and let their present affairs get into such a mix-up that some one else has to worry to get them out? This from a fair Paris philosopher.

The tobacco markets have reopened without decided tone in prices. There is much talk of this scheme or the other to help the farmer. The farmer, an excellent judge of talk, has about made up his mind that he will have to help himself!

Good tobacco is selling at prices profitable to the grower who is not operating upon land worth \$100 an acre. That recalls an agricultural axiom of twenty years ago: You cannot make interest on land worth more than \$100 an acre.

Income tax experience indicates that only 8,000 Kentuckians have incomes above \$5,000. Property assessment experience proves that nobody has any diamonds, but these facts are learned through taxation, and not otherwise.

There is so much talk about boosting Paris that we are bound to assume that Paris needs boosting, but, if it does, wouldn't it be a fair kind of start to quit knocking it? And mightn't another helpful effect be secured if people could be gotten out of the comfortable belief that there is magic in a slogan?

"A living wage is such a one as not only enables the laborer to live physically, but also permits the employer to live spiritually."—(Bulletin.)

And then, dagone it, they go and fix it so the employer can't get the "spirits" to live thataway!

The trouble with this great country of ours: just now, aside from many things like fanaticism and busybodyism, is that all the evil in it, like rotten eggs, has floated to the top, and the good, like gold nuggets in a pool of water, has for the time being, become submerged.

One of the aims of the "Sunday blue law-ers" is to prohibit all automobile driving on Sundays. They intend to make the penalty for violation so severe that none dare disobey the law. It has not been determined yet, however, whether the penalty shall be confiscation of all personal property of the violator, or instant death. That will be decided later.

Of course, the "inhibition" as to cruel and unusual punishment does not apply to our late antagonists—it seems absurd to write of them as enemies at this date. On the other hand, even a low-grade Kentucky tobacco crop, and the trash from it at that, it may be argued, is better smoking material for the Germans than the wretched stuff from the Pfalz, from Alsace or from Holland, which is commonly all the excuse a German needs for one of those long china-bowled pipes.

Lexington papers yowled in great glee because President-elect Harding "passed through Lexington" one day last week. He wouldn't have done otherwise would he? He also passed through several other villages on the Cincinnati Southern road, but they didn't raise a hullabaloo about it. They probably didn't know or care. Reminds us of the Jew and the Irishman who were fishing from a pier. The Jew became giddy and fell in the water. Floundering around he yelled out: "Hollin me out, Patsy! I can't swim!" Pat calmly smoked on, and replied, "Nayther kin I, Ikky, but ye don't hear me raising hell about it!"

Sunday morning an able-bodied negro stood leaning against an iron post near Baldwin Bros.' store, absorbing sunshine, and smoking a big stogie. Across the street an acquaintance hailed him with: "Hello, Jim, when did yo' get outen de army?" The big fellow replied: "I've been heah abouten three weeks." "Where's yo' wurken?" queried the man across the street. "Ain't lookin' fur no work! Don't you mind that yellin' gal I married out on Gano street? She's workin', I ain't!"

And the farmers and 'others say there is a scarcity of laborers and the idlers say there is a scarcity of work. Judge for yourself!

## EUROPEAN RELIEF CAMPAIGN TO CONTINUE

THE NEWS is in receipt of the following letter from J. Paul Swan, of Louisville, Secretary of the State Executive Committee of the Herbert Hoover European Relief Fund. The letter states the advisability of continuing the campaign in this county two weeks longer. The letter follows:

"THE NEWS,  
Paris, Kentucky.  
Gentlemen:—

"In a conversation with Mr. A. B. Hancock, a couple of days ago, I urged him to continue the campaign in Paris and Bourbon county until we decided to close it definitely for the whole State. At that time, we had raised, including what has been sent direct to New York, about \$85,000, and the State Committee is exceedingly anxious to increase this to \$100,000.

"Mr. Hancock suggested that he thought the matter could be kept alive and contributions certainly could be made in Bourbon county, if the matter was presented to the people in the right light and he suggested to me to write you a letter, asking you to use the columns of your paper for a couple of weeks longer, to advise the people of the great need in Europe and that the National Committee and State Committee are not yet satisfied with the receipts from Kentucky. In this connection, we will send you a few articles which you can use in your paper, but in addition to this, we would appreciate it if you would both editorially and in your news columns, advocate continuing the campaign for the next two weeks, as we believe in this time, we will reach \$100,000.

"We wish to thank you for your kind co-operation you have given us in the past two months.  
Very Cordially Yours,  
J. PAUL SWAN,  
Executive Secretary."

## CHILDREN'S MATINEES AT THE GRAND SATURDAY

The following is the program for the Special Matinees for Children, to be given at the Paris Grand Opera House, on Saturday morning, January 29, at ten o'clock.

"Fatty" Roscoe Arbuckle, in "In Love;" Charles Ray, in "Bill Henry;" Harold Lloyd, in "High and Dizzy;" continuous musical program by Gregg's Orchestra, and also by Edison Diamond Point Phonograph, playing all the latest records.

## BEEF HIDES DIDN'T PAY FOR HALF SOLES

Two Pendleton farmers last week obtained proof that their plight did not end with ten-cent tobacco, which they claim it cost 26 cents to grow. One brought in a beef hide, expecting to buy a pair of shoes. He got only three cents a pound, and the total was not enough to have his old shoes half soled. His neighbor shipped two lamb hides on which there was five pounds of wool to Cincinnati. He received 65 cents for the two. The express charges were 58 cents. He has not decided in what he will invest the remainder.

## MUST REMOVE POLES FROM R. R. PROPERTY.

The Western Union Telegraph Company must remove its poles and wires from the Louisville and Nashville Railroad Company's right-of-way within the next nine months, according to a decision made Saturday by Judge Evans in the United States District Court, at Louisville, in compliance with a mandate from the Federal Circuit Court of Appeals. Attorneys for the telegraph company say an appeal will be taken to the Supreme Court.

The action followed a suit filed about seven years ago by the railroad company, seeking removal of the equipment. Judge Evans also dismissed a condemnation suit filed by the Western Union against the L. & N., by which it sought to have ground condemned so that the poles might remain in position.

## SPECIAL SESSION OF LEGISLATURE IS LIKELY

Passage Wednesday by the National House of Representatives of the apportionment bill with an amendment limiting size of the popular branch for the next ten years to the present 435 members and reducing Kentucky's representation from 11 to 10, puts a different complexion on the discussion of a special session of the General Assembly this year.

The action came almost simultaneously with another denial by Gov. Edwin P. Morrow that he "has decided" to call an extra session, elicited by newspaper articles. Following the denial, the Louisville Evening Post declared "the most potential in the State Republican organization have decided upon an extra session and at the proper time will notify Governor Morrow and expect him to issue the call promptly."

However sincere the Governor was when he declared he "has not decided," the changes that the call is issued are greatly increased, by the Congressional action, it was pointed out by State Senator Chas. M. Harris, of Versailles, Democratic leader in the upper house in the last General Assembly. Pointing out that there is no necessity for action before the regular 1922 session and that a special term would cost the taxpayers all of \$100,000, Senator Harris said that from the standpoint of the interests of the State the session would be indefensible.

The call if issued may be expected, therefore, from political expediency alone. The Governor has never denied that there will be an extra term; he has always simply declared that he has not "decided."

## MEET MR. REVENUE MAN HERY FEBRUARY 28-28

All single persons, or married persons not living with wife or husband, whose net income for the year 1920 was \$1,000 or more, and married persons living with wife or husband December 31, 1920, whose net income was \$2,000 or more, must file an income tax return. To assist taxpayers a deputy collector of Internal Revenue will be at the places on the dates mentioned below. This service is without cost to the taxpayer. Carefully note the date; be there with papers and records, and the deputy will assist you in making your return. Failure to see deputy collector or to receive blanks will not relieve you of penalty for failure to make return.

A representative from the office of Collector Elwood Hamilton, will be in Paris on February 26-28 and March 1, 2, 3, 4 and 5, and at Millersburg, February 25, for the purpose of meeting and conferring with citizens regarding payment of their income taxes.

### SNOW AFFORDS WINTER SPORT.

The recent heavy snowfall has been turned to good account by the young people, who have been having great fun coasting on the streets. Every night the long hills on Seventh, Mt. Airy avenue, Winchester, and other streets in the city have had their quota of fun-loving coasters, who have enjoyed the pleasure immensely. The jingle of sleigh bells has also been heard on the streets, recalling to the older set the good times of past years, when the acme of enjoyment was when a young man spent his week's salary for the pleasure of giving his best girl a few hours' sleigh riding. Them was the days!

### FRESH FISH AND OYSTERS FOR TO-DAY.

Nice fresh fish and oysters received to-day and to-morrow. Remember we dress fish free and deliver promptly.

### MARGOLEN'S MEAT MARKET.

### NEW FEATURE AT GRAND

Two large Edison phonographs, playing diamond-point records, have been installed in the Paris Grand by Manager Clarence Sprake. The big machines are located in the boxes on the lower floor, and give an excellent added feature to the musical program. That the innovation is appreciated by the music-loving portion of the audience was amply attested the first night, and other succeeding nights, when the selections rendered were given the most rapt attention. The machines play when the orchestra retires during the intermission, and at intervals through the performance.

### THE HARBESON CONCERT

A large audience listened spellbound at the Paris High School auditorium Monday night, to the magic voices of Miss Mary Dan Harbeson and brother, Capt. Dan Harbeson, in a song recital of unsurpassed excellence. Their voices were never better, and the program rendered could not have been more select.

In the first half of the program the following numbers were rendered: "Cray Days," "Tuscar Folk Song," "Fairy Pipers," "Thy Beaming Eyes," "Will O' The Wisp," by Miss Harbeson; "Her Eyes," "Inter Me," "Ecstasy," by Mr. Harbeson, and duet, "Rose of My Heart," by Miss Harbeson and Mr. Harbeson. The second half was composed of duet, "Who Knows?" by Mr. and Miss Harbeson, "Were My Songs With Wings Provided," "My Lady," "I Know," by Miss Harbeson, "The Bitterness of Love," "Jewels," "Christ in Flanders," by Mr. Harbeson, duet, "Will You Remember?" Mr. and Miss Harbeson. The vocalists were accompanied on the piano by Miss Elizabeth Crutcher whose instrumental added much to the success of the program.

### SOCIAL AND PERSONAL.

#### Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Harry Simon left yesterday for a business trip to New York.

—Misses Sallie and Hettie Whaley have returned from a visit to friends in Nicholasville.

—Miss Marietta Farrell, of Somerset, is a guest of the Misses Rourke, on Eighth street.

—Mrs. Clipp Young, of Owingsville, is the guest of her sister, Mrs. Harry O. James, in this city.

—Mrs. Curtis Henry has returned from a visit to her parents, Mr. and Mrs. Harry Burnaw, in Carlisle.

—Misses Anna and Mary Cummings, and Ina Mattox have returned from a visit to friends in Hamilton, Ohio.

—Mrs. John Bower will be hostess this afternoon at her home on Cypress street to the members of the Friday Bridge Club.

—A large number of Paris people attended the performance of "The Masqueraders" by Guy Bates Post and company, at the Lexington Opera House.

—Mrs. John Doty returned Wednesday night from a visit to her sister-in-law, Mrs. James Gilmore, and other relatives, in Covington and Cincinnati.

—Mrs. Arthur Reeves, Mrs. Chas. Dudley, Miss Polly Baldwin, of Winchester, and Mrs. Millard Greggs of Portland, Oregon, were recent guests of Mr. and Mrs. Clay Sutherland.

—Mrs. R. B. Hutchcraft, of Paris, attended a luncheon given by Mrs. William Dowell Oldham, State War Mother, to out-of-town war mothers at the New Lafayette Hotel, in Lexington, Tuesday.

—M. T. David and family, who have been in Philadelphia for several months, where Mr. David was employed in the John Wannamaker store, have returned to their former home near Shawhan. Mr. David reports business in the East as recovering from the depression that has prevailed since fall.

—Mr. and Mrs. Alvin Arkle, of Lexington, were here several days this week. Mr. Arkle was called by the serious illness of his grandmother, Mrs. M. E. Honey. Mr. and Mrs. Arkle entertained recently with a luncheon for the Sayre College classmates of Mrs. Arkle, and two members of the faculty.

—R. F. Clendenin has returned from Chicago, where he attended a meeting of the Illinois agents and managers of the Northwestern Mutual Life Insurance Co. Mr. Clendenin delivered an address to the agents. On the homeward journey he stopped off at Peoria, Ill., where he made an address at the meeting of the Peoria Life Underwriters' Association, held in Jefferson Hotel. (Other Personals on Page 3)

### ASKED TO LOOK OUT FOR RUN-AWAYS.

Two boys, about thirteen years each, supposed to be in this vicinity are being searched for by Paris police.

Chief of Police Fred Link received a letter from the Chief of Police at Pineville, asking him to keep a lookout for two boys, Arthur Johnson and Chas. Pursifal, who are missing from their homes in Pineville. They left home without apprising relatives of their intention, and are thought to have come to Paris on an L. & N. freight. The police were furnished accurate descriptions of the boys, and are searching for them.

### LUMBER TRADE UNDER SUSPICION.

Investigation by the Department of Justice is announced of lumber manufacturers, with particular reference to rational and regional associations, to show their attitude towards national legislation, control prices, reforestation, etc.

The Federal Trade Commission and the Senate Committee on Housing and Reconstruction have already indicated that there is apparently considerable manipulation of the basic conditions, as indicated above. Whether or not the shortage in houses can successfully be wished onto the lumber manufacturers has not yet been pointed out.

### TETRAZZINI HAS LOST NONE OF HER CHARM

Madam Tetrazzini and her concert company, which comes to Woodland Auditorium, Monday night, February 7, for one concert, are receiving the usual ovation wherever they appear. "The Tennessean," of Nashville, last week said, "Luigia Tetrazzini, the incomparable, gave a Nashville music-lover an exhibition of her marvelous voice vocalism last night in Ryan Auditorium. Every one remembers the rapid rise to fame of this great coloratura singer after New York debut in 1907. True, San Francisco claims to have discovered her first, then London stamped her with its seal of approval, but her name has become a household word only since the great metropolis acclaimed her, and her talking machine records have carried her voice into every town. The great diva has lost none of her effervescent sprits and some are carefree as of yore. With one of the greatest voices the world has ever known and a participation of singing that few in this day will take the time to acquire, even if they could, Tetrazzini is the most gracious and approachable person imaginable."

Max Regna, cellist, Henri Bovi, fustist, and Francisco Longo, pianist, are the artists of renown included in the concert company.

Seats are on sale now by mail or phone at the Lexington College of Music, and will be on sale at the Ben All Theatre ticket office, beginning Wednesday, February 2. (adv)

### BUTTER TO FURNISH REVENUE

Another source of revenue is through an opinion by Attorney General Palmer that butter produced decomposed or rancid cream which has been neutralized with chemicals before churning, is taxable as adulterated butter at the rate of 10 cents a pound.

In making public the decision, the Bureau of Internal Revenue, said that treasury officials were unable at this time to estimate the amount of revenue to be derived from this source.

### RAVENNA IS INCORPORATED

The town of Ravenna has been incorporated and Irvine has a twin sister. Judge Hurst rendered his decision Tuesday, January 17.

Mrs. Busy Housekeeper,  
Anywhere.

Dear Madam:

It is freely admitted that keeping house is a pretty hard job now-a-days and that the busy housewife needs all the help she can get, so we are again offering the \$4.00 Sanitary Mescos Sweeper for a short time at the ridiculously low price of \$2.48 for cash. We thought you would be glad to save this \$1.52 by not having a charge made of it.

Come in and let us show you a carpet sweeper without brushes—just paddles.

When you get time to rest a little while it would be mighty nice to have one of our Columbia Grafonolas to play some nice new Columbia Records. Try it.

We still have a few of the one-pair lace curtains left and we are almost giving them away.

Sincerely,  
THE J. T. HINTON CO.

FEATURES ADDED FOR CON-  
CLAVE OF FARMERS

Announcement has just been made that another feature in the form of a farmers' get-together banquet will be added to the program of the Ninth Annual Farm and Home Convention to be held at the College of Agriculture, in Lexington, February 1-4, inclusive. The banquet will probably be held Thursday night, February 3, according to a statement made by Dean Thomas P. Cooper, of the State College.

It has also been announced that L. B. Clure, treasurer of the Federal Land Bank of Louisville will be in Lexington, February 1 and 2, to talk to the farm men and women who attend the convention.

## Comfortable Cave.

From, Bend, Ore., comes the interesting announcement that a few miles southeast of that town, at Horse Butte, has been discovered a naturally heated cave. It apparently draws its warm atmosphere from a subterranean source. The cave, which is near the top of the butte, first attracted attention by the wave of heat issuing from its mouth.

## Unfair Discrimination.

HOTELS MUST USE PURE, SAFE  
WATER

Resorts throughout Kentucky will not be given permits to open up next season, or, in the case of those which are open the year around, to continue to operate unless the drinking water that they use is absolutely safe, unless they have an adequate system for the disposal of sewage, and unless their kitchens and dining rooms are screened against flies.

Notice to this effect will be formally given all the resorts of the State by Dr. A. T. McCormick, State Health Officer, Louisville, and later in the year Dr. J. I. Whittenberg, State Sanitary Inspector, will visit the resorts to see that they have made or are making plans to comply with these requirements.

This action was taken by the State Board of Health after Dr. McCormick had received a letter from the City Health Officer at Cincinnati, informing him that every one of the seven members of a family which spent last summer at a Kentucky resort had had typhoid fever.

The water supply of the resort was investigated and it was discovered that it had two springs, one above the hotel and one below it, the upper one perfectly safe, but the lower one contaminated by a leak from a sewer. Inquiry brought to light the fact that the seven people who had been ill with typhoid fever all had used water from the lower spring.

Dr. McCormick's announcement of the requirements of the State Board of Health for safe water, adequate sewerage and proper screening also states that the Board will prepare a list of the resorts which comply with its specifications, the list to be furnished State Health Officers outside of Kentucky. These officials then will have for ready reference a list of the resorts which it is safe for them to recommend.

## DOLL DATES BACK TO 200 B. C.

It seems rather an odd hobby for anyone to devote a goodly portion of his days to the collection of dolls, old, unique and rare, and gathered from all corners of the earth. A Boston man, who refuses to be further identified, has been following his hobby for many years and probably has the greatest collection in the world. The one shown in the picture is an Egyptian doll from Achimlin, made from paper mache and wax, and dating back to the year 200 B. C.

## HAPSBURG COACH IN MOVIES

Earning 100,000 Crowns a Performance for the Government of the Austrian Republic.

Vienna.—The imperial glass coach of the Hapsburgs is now earning its keep in the movies at 100,000 crowns a performance.

The royal stables have become a burden on the republic and the eight magnificent white horses and some 400 carriages of every description are made to partly earn their keep. They are used to drive members of the assembly to and from their homes, they transport provisions from the American relief and certain of the actresses and singers of the state theater and opera still hold their contracts, providing for gratuitous use of the state carriages.

Many horses and carriages were sold soon after the downfall of the monarchy, but many of the gorgeous vehicles and showy horses remain unsalable. This is particularly true of the great glass and gold state coach, in the style of Louis IV., used only on great ceremonial occasions, and said to be the finest piece of coach work extant.

## POLISH CONSTITUTION UNIQUE

Provides That State Shall Care for Children if Neglected by Their Parents.

London.—Poland's new constitution probably will contain a provision for care of children by the state which will make it unique, in the opinion of officials here who have seen the draft. The article reads:

"Each child deprived of parental care or who is neglected morally or materially, has the right to secure care and aid from the state. The sphere of the state's duties in this capacity will be defined separately by laws, which will foresee as well the protection of mothers who may require aid, before the birth of the child, and the protection of the child in infancy."

As far as known here no constitution in the world includes such a provision.

## SEEK DIVISION IN ARGENTINA

Provinces Are Trying to Form Combination to Lessen Power of Capital.

Buenos Aires.—The Argentine provinces are trying to form a combination against Buenos Aires, the capital city.

Overtures are being conducted between political leaders of some of the provinces for the formation of a "league of governors" for the purpose of uniting the northern agricultural districts of the country against Buenos Aires and other coastal districts.

Some political observers see in this an attempt to return to the former political division of the country into opposing sections, while others maintain that it merely is an economic measure having as its purpose the protection of the productive areas.

Wild West Movies in Germany. Karlsruhe, Germany.—Wild west films are prime favorites in the German provincial moving picture theaters. An Arizona picture with an army of cow-punchers, cowgirls and Indians is one of the films advertised all along the Rhine and in the cities of Bavaria and Baden.

SYMPTOMS  
WOMEN DREAD

Mrs. Wilson's Letter Should Be Read by All Women

Clearfield, Pa.—"After my last child was born last September I was unable to do all of my own work. I had severe pains in my left side every month and had fever and sick dizzy spells and such pains during my periods, which lasted two weeks. I heard of Lydia E. Pinkham's Vegetable Compound doing others so much good and thought I would give it a trial. I have been very glad that I did, for now I feel much stronger and do all of my work. I tell my friends when they ask me what helped me, and they think it must be a grand medicine. And it is. You can use this letter for a testimonial if you wish."—Mrs. HARRY A. WILSON, R. F. D. 5, Clearfield, Pa.

The experience and testimony of such women as Mrs. Wilson prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound will correct such troubles by removing the cause and restoring the system to a healthy normal condition. When such symptoms develop as backaches, bearing-down pains, displacements, nervousness and "the blues" a woman cannot act too promptly in trying Lydia E. Pinkham's Vegetable Compound if she values her future comfort and happiness.

It seems rather an odd hobby for anyone to devote a goodly portion of his days to the collection of dolls, old, unique and rare, and gathered from all corners of the earth. A Boston man, who refuses to be further identified, has been following his hobby for many years and probably has the greatest collection in the world. The one shown in the picture is an Egyptian doll from Achimlin, made from paper mache and wax, and dating back to the year 200 B. C.

AMERICAN LEGION AND LABOR  
IN HARMONY

In accordance with the national era of good feeling between the American Legion and Organized Labor, the Central Trades and Labor Union of East St. Louis, Ill., one of the strongest labor bodies in the country, has passed a resolution placing the organization on record as being entirely in harmony with the Legion's National policies and recommending that all its members, who are eligible, affiliate with the Legion. The Central Trades Council of Oklahoma voted to co-operate with the Legion in meeting the problem of unemployment. Preference in employment for union men who are veterans will be given by the secretaries of various affiliated unions by direction of the Council.

## For the Family Table

We have an interesting story to tell about MILOLI, which is churned like butter, here in Cincinnati in our brand-new U. S. inspected churnery.

Although interesting, it is too long to be told in this issue but will be given by installments, one to appear in this paper each week.

In order to enable you to find the installment more easily, we will print the above picture of the carton each time. Watch for it—you are sure to be interested.

In the meanwhile ask your dealer about MILOLI. Proper arrangements will be made that he has it fresh from our churns at all times, and at nearly half the price paid for butter fat.

## GOVERNOR MORROW ENDORSES PLANS OF GROWERS

FRANKFORT, KY., Jan. 25.—Governor Morrow Saturday gave official endorsement to the plan of some Burley tobacco growers to withhold their tobacco from the market.

A committee from the cutout growers' meeting in Lexington, Saturday, called on him and explained their program and asked that he issue a statement endorsing it.

Incidentally, the anti-trust law was discussed with the Governor and Attorney General Charles I. Dawson, who assured them that the program does not come within the purview of the law. This question was raised at the Lexington meeting.

E. L. Harrison, of Lexington, secretary of the Growers' and president of the Farmers' Union, told Governor Morrow that the Union and the County Farm bureaus form the nucleus for quickly organizing the movement in a majority of the Burley counties of Kentucky, and both are cooperating. He said in twenty-six of the forty-four Burley counties the Union has 7,000 members, while the Farm Bureaus are strong in several others.

The following counties are in the Burley district: Adair, Anderson, Barren, Bath, Boone, Bourbon, Boyle, Bracken, Carroll, Carter, Casey, Clark, Fayette, Fleming, Franklin, Gallatin, Grant, Greenup, Hardin, Harrison, Hart, Henry, Jessamine, Kenton, Laclede, Lewis, Madison, Marion, Meade, Mercer and Metcalfe, and Switzerland, Jefferson, Clark, Franklin and Ripley county, Indiana; Hamilton, Clermont, Brown, Butler, Adams and Highland counties, Ohio, and Hamblin, Hawkins, Greene and Washington counties, Tennessee.

The committee which called upon Governor Morrow was composed of Mr. Harrison, Frank McKee, of Woodford county; Abe Renick, of Winchester; Charles Long, of Carrollton; C. O. Hampling, Boone county, and G. A. Brooke, of Mayslick.

## Governor Morrow's Statement.

"I am now, and have been deeply interested in and distressed over the tobacco situation in Kentucky. There is no doubt that the price now being paid for tobacco throughout the State does not represent more than half the cost of its production.

"Under high prices formerly paid by buyers, the manufactured product has sold readily and at a very substantial and handsome profit to the manufacturer, but at the very greatly reduced price offered for the present crop, no substantial hope is held out that the finished product will be sold at any reduced price. If the farmer or the tenant sells his crop at the price now offered, he will not receive sufficient money to meet his obligations, settle his accounts at stores and banks, nor to make payments otherwise incident to growing the crop.

"I believe in the right and the necessity of the tobacco growers of Kentucky to form a voluntary organization for their mutual protection; for the marketing their crops and for establishing and creating conditions that will bring about actual and honest competition in the purchase of their crops.

"The farmers of the State now find themselves at selling time without any plan for marketing of their crops under competitive conditions. To place the present crop upon the market under these conditions, it appears to me, will not result in bettering their financial condition, but will only add to the difficulties of the situation. It appears to me that the farmer has much to gain and nothing to lose by withholding his present crop from the market until the growers of the State have had an opportunity to take stock of the situation and perfect an organization and plans to meet it.

"I am very anxious to be of service in every way possible to the great tobacco growing industry of the State; to be helpful to those interested in the production of the crop and to assist in a solution of the situation which will bring to the growers a fair and equitable price."

"EDWIN P. MORROW, Governor of Kentucky." "Jan. 22, 1921."

## WORLD STAMP EXPERTS MEET

More Than \$250,000 Worth of Rare Specimens on Exhibition at Berlin Sale.

Berlin.—Philatelic experts from all parts of the world came to Berlin to attend the great stamp sale just held here, which it is claimed has a wider range than any ever before held in Europe.

The total number of lots was 5,387 and the value at upset prices exceeded \$250,000 nominally.

During the first day's sale there was a rush for rare Argentine, Brazilian and Bolivian issues.

United States issues included the only known canceled copy of the "Franklin Carriers," brown orange error of 1851, the Livingstone (Alabama) 5-cent blue of 1861, and three blocks of the new U. S. A. 90-cent and 30-cent issues of 1869, with flags inserted. The gem of the American collection was a postal envelope of the Confederate States of America bearing on the right hand a 5-cent stamp in black and on the left a Confederate seaman nailing the "Stars and Bars" to the mast.

## ITALY HAS BREAD PROBLEM

Working Classes of the Country Refuse to Shoulder the Burden of Increased Cost.

Rome.—The Italian government is facing an almost unsolvable problem in the question of the cost of the nation's bread.

During and since the war the price of bread was kept down artificially; the government paying \$1,000,000,000, and even lately \$1,250,000,000 yearly, as the difference between the actual cost of the flour and the price paid by the consumer.

The price of 21-5 pounds of ordinary bread used to be equivalent to nine cents, or of a finer quality 11 or 12 cents; now the price for the same quantity of inferior bread is 21 cents, and the Italian working classes utterly refuse to pay the balance, which would increase the cost to them to 40 cents.

## Sign Painting Pays Best: Lawyer Only "on Side"

New York.—When Harry J. Shields was called as a prospective juror before Judge Mitchell May of Brooklyn, he was asked if he had ever served in the case of a man charged with concealing his assets. Shields said he had been a trustee in bankruptcy.

"Why, such a person has to be a lawyer, and your card says you are a sign painter," remarked one of the attorneys.

"Oh, yes, I'm a lawyer, too," Shields replied, "but I can make more money painting signs, so I practice law on the side." Shields was excused from jury service.

## BRICKS FROM STRAW, CLAIM

French Textile Expert's Invention Will Relieve the Housing Crisis, He Says.

Paris.—A French textile expert claims that he has invented a process for making bricks from compressed straw.

He is searching for funds to prove that he is no idle dreamer and can relieve the present housing crisis by building houses.

He says, owing to the slight weight of the material, there is no need for deep foundations, and the whole building can be completed in a month. It is affirmed that the straw preparation is not inflammable. The first house has already been built in Montargis.

## Owl Showed Wisdom.

Hickman, Ky.—A screen stopped the saw in the Mengel mills here. Investigation revealed a large owl in the hollow of the log. Its feathers had been clipped, but otherwise it was unhurt. The sawyer recalled that a ten-pound catfish was ripped with another log that had been pulled in from the river.

## SEEKS ECONOMY IN ROAD DEPARTMENT.

Seeking economy in administration, Joe S. Boggs, State highway engineer, has redistricted the State, changing from eleven engineering districts to nine. The redistricting was not done to eliminate any one from the organization, but with the end in view that the work of the road department this season will be confined to the federal and projects and will be more concentrated in volume.

"The expenditure of the taxpayers' money," Engineer Boggs said, "is for the purpose of obtaining value received, and to mind this redistricting not only better concentrates our operations but enables this department to make considerable saving in our administration charge."

Under the new plan, which became effective February 1, Bourbon county is placed in District No. 6, composed of Boone, Campbell, Grant, Pendleton, Bracken, Mason, Robertson, Harrison, Scott, Bourbon, Nicholas and Fleming. M. D. Ross will be Divisional Engineer, with headquarters in Newport. The redistricting does not affect the office of County Road Engineer, in which Ben F. Bedford will continue.

## DIRECTORY OF BIRTHS AND DEATHS IN KENTUCKY

The directory of births and deaths in Kentucky between January 1, 1911, and December 31, 1915, called for by the statute on the subject, this directory representing the work of the Bureau of Vital Statistics of the State Board of Health for the five-year period, is just off the press. The directory appears in nine large volumes, containing in all more than 7,500 pages, and as soon as the necessary arrangements can be made a copy of it will be placed in every county in the State, in the libraries of cities that have such institutions, and in the archives of the county court house in counties where there is no public library. The nine volumes of the directory contains the salient facts about the 300,000 children who were born in Kentucky during the five-year period covered and about the 150,000 persons who died in the State during the same five years. In connection with births the information given includes the name of the child, the county in which it was born, the date, the name of the mother, the number of the birth certificate issued, and the number of the volume in which the certificate was recorded. The directory shows just how common are certain names which one frequently encounters. Fifty-three pages of one volume are devoted to the Taylors who were born in Kentucky during the five-year period, and who died in the State during the same time. There the 102 pages of Smiths, and the name of "William Smith," without any identifying third name, was given to no less than twenty-eight boys born in Kentucky during the five years.

## Heart Trouble Not Fatal.

Heart disease is not the barrier to an active life of usefulness as has always been supposed, said Dr. Frederick Brush to the National Society for the Promotion of Occupational Therapy. Nothing is gained and much lost by telling cardiac patients not to work, not to carry, not to play, and so on. Under proper supervision the person with heart trouble can take a large part in active life.

## HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nausealess, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

## GRIFFITH PLAY BENEFIT FOR RELIEF FUND

David Wark Griffith, who is doing his bit with the moving picture people in the interest of the European Relief Council, participates in the special matinee on to-morrow, Saturday, January 29, with fifteen productions of his new photoplay, "Way Down East." In some cities there will be two performances of the Griffith play, instead of one given as a benefit for the starving children of Europe, the total proceeds being donated.

Mr. Griffith, who is a Kentuckian, expected to be in Louisville for the opening of "Way Down East" at Macaulay's this week, but failing to keep this engagement, has sent word that he is co-operating with the European Relief Council, and with Mr. Hoover, with the deepest interest and hopes that every Kentuckian who is able is sharing in the cost of saving these little European lives.

A check of \$10.00 or more to Richard Bean, Kentucky Treasurer, addressed to any bank in Kentucky will make the donor a member of the Invisible Guest Club and will bring a certificate signed by Herbert Hoover, chairman.

## DEATHS.

## MCCARTNEY

—Mrs. Artie McCartney, aged fifty-five, widow of Charles D. McCartney, of Fleming county, died Tuesday night at the family home on Pleasant street. She is survived by one daughter, Miss Nancy McCartney, one brother, and four sisters. The body was taken yesterday to Flemingsburg for interment.

## CARPENTER

—Edmund Carpenter, aged about sixty-nine, died Sunday afternoon, at his home in Orange City, Florida, according to a telegram received by relatives in Millersburg. Mr. Carpenter was a former resident of Millersburg, but moved to Orange City Florida, several years ago, where he had since resided.

He was a brother of James H. Carpenter and Sanford C. Carpenter, both of Millersburg. The funeral and burial took place in Orange City, Wednesday. Sanford C. Carpenter attended the funeral.

## TAYLOR

—Miss Lelia Taylor, aged sixty-five, died a few days ago in Kansas City, Mo., from the effects of a paralytic stroke suffered the day before her death. She was a daughter of the late Edward Taylor, formerly of Midway, and is survived by her mother, Mrs. Caroline Remington Taylor, and several brothers and sisters. She was a niece of the late B. F. Remington, of Paris, and had been a frequent visitor here. Miss Taylor was a woman of lovely Christian character, and her death will be mourned by many relatives in Paris and Millersburg. The funeral and interment took place in Kansas City.

## MCMILLAN

—Mrs. Josie Shawhan McMillan, formerly of Paris, died last Sunday in a Cincinnati hospital, where she had been a patient for some time. She had been married three times, first to August Gutzeit, of Paris, her second husband being Rufus Stivers, also of Paris. Her last marriage was to Mr. McMillan, of Cincinnati. She is survived by her parents, Mrs. Annie Shawhan, of Cincinnati, and Joseph Shawhan, of Cincinnati, one sister, Miss Mamie Shawhan, of Cincinnati, and two children, Rufus Stivers, Jr., and Mamie Harris Stivers, of Paris. Her body was brought to her old home in Cincinnati, where the funeral took place Wednesday morning, with services conducted by Rev. J. J. Haley at the grave in Battle Grove Cemetery.

Mrs. McMillan had been a sufferer for the past two years from tuberculosis. The pall-bearers at the funeral in Cincinnati were Sam Shawhan, Todd Whaley, Dr. Todd Smizer and Will Hawk.

## BOURBON FARMING CONDITIONS

The past week was one of very little activity on Bourbon county farms so far as farm work was concerned. A cold spell during the earlier part of the week made the outdoors an uncomfortable place to work in, and during the later days most of the farmers were in town with their tobacco or to watch the sales.

A great deal of tobacco stripping is going on, however, and the movement to the market is unusually active. Prices have been at the lowest ebb for many years, with thousands of pounds selling at prices that hardly pay warehouse expenses, and yet the receipts are larger than ever before.

Many farmers in this county, it was stated Saturday, are preparing to take a different course this year in farming operations. They will devote more of their land to corn and hay and other grain crops to take the place of tobacco. It is expected that a larger crop of corn and wheat than ever before will be harvested in this county this year. Farmers are being urged to take up livestock as a more profitable method of using the corn and hay crops, but the idea has not yet taken a very deep root.

The cold snap of the past week did not damage the wheat to any great extent, and the crop is looking fine. Practically all of the wheat has been gathered. Hay prices showed a slight slump during the week, while corn is maintaining a low price along with other farm products.

## AGRICULTURAL COURSE FOR NEGRO SERVICE MEN

A six weeks' course in agriculture is offered to negro former service men of Kentucky by the National Y. M. C. A. War Work Council through the agency of the State Y. M. C. A., beginning January 22, at the State Colored Normal School at Frankfurt. The course includes lectures and laboratory work.

Such practical subjects are scheduled, according to announcement at Y. M. C. A. headquarters here, as the production and marketing of vegetables, study of plant insects and diseases, field crops, livestock feeding and breeding, fertilizers, poultry raising, soil and farm accounting. The normal school will furnish tuition free of charge to former service men and the State Y. M. C. A. will arrange for funds with which to cover the expenses of board and books.

Former service men who are eligible have been asked to enroll without delay.

## MATRIMONIAL.

## WHALEN—MAY.

—Mr. and Mrs. A. B. Whalen, of Cincinnati, announce the engagement of their daughter, Miss Sadie Palmer Whalen, to Charles May, of Cincinnati. The wedding will take place in February, Rev. Peter Walker, officiating at his residence, in Cincinnati. Mr. May is a brother of Mrs. John Wigglesworth, of Paris. After the ceremony the bridal party will come to Paris, where they will be entertained by Mr. and Mrs. Wigglesworth.

## RHINOCK—QUINN.

—The Louisville Times has the following account of the romance connected with the marriage of attorney John M. Quinn, brother of Ed. Quinn, L. & N. engineer, of Paris. The bridegroom is well known here, where he has frequently visited his brother, and family, on Ferguson street.

"As the culmination of a school day romance, John M. Quinn, 24 years old, Louisville attorney, and Miss Jessamine Rhinock, 23 years old, Covington, Ky., were married in New Albany, Saturday—but without the knowledge of the bride's parents.

"The parental blessing will be asked in a telegram to be sent. In the meantime Mrs. Quinn is living with friends in Louisville, and Mr. Quinn is residing at the Willard Hotel.

"The ceremony was performed by Magistrate Thos. E. Fogle, New Albany, and another ceremony was performed by Father Joseph Eick pastor of St. Francis Catholic church, Covington, immediately afterward.

"The bride and bridegroom attended the Covington High School and Valparaiso University together. Mrs. Quinn is the daughter of Mr. and Mrs. W. J. Rhinock, Covington. Mr. Quinn came to Louisville several years ago from Laurel county, Kentucky."

## KENTUCKIAN NOW DEPUTY REVENUE COMMISSIONER

Millard F. West, who came to Washington from Lancaster, Ky., many years ago, has been promoted to Deputy Commissioner of Internal Revenue and will have charge of statistics, receipts and disbursements. He had been Supervisor of Accounts recently, but prior to that has been deputy collector serving in raids on moonshine distilleries, deputy commissioner in charge of distilled spirits, tobacco, estate and has also had supervision of sales. Mr. West was appointed first under Commissioner John W. Yerkes.

## CALEB POWERS MENTIONER FOR CENSUS DIRECTOR

Kentucky will furnish one applicant for director of the Bureau of Census in the administration of President Harding, according to information brought to Louisville from the mountains to the effect that the Republicans of Eastern Kentucky are boosting Caleb Powers, former Congressman from the Eleventh district, for the position.

The Bureau of Census is connected with the Department of Commerce, and the position is said to be one of the best at the disposal of the new administration. The place is filled at present by Sam L. Rogers, who has been in charge since soon after the Democrats took charge of the government eight years ago.

So far the name of no other Kentuckian has been mentioned in connection with the appointment, and Mr. Powers may have a clear field from his home State. There was talk of Mr. Powers making the race for Congress next year, but his friends say he will not make the race, but will seek favors at the hands of the administration.

Directors of the census are appointed by the President and received a salary of \$6,000 a year.

## WITCH-BURNING TIME

(Cincinnati Enquirer)

Modern would-be underestimates of the blessed saints are forging forward in their crusade to redeem this wicked world, so far at least as America is concerned.

A member of the Tennessee General Assembly is one of these anointed servants of super-virtue. If his proposals are carried into effect we shall bid good-by to Sunday baseball and all other games; no more shall we read a Sunday newspaper, nor ride on the steam or trolley cars, nor yet in the festive automobile; theatres and movie houses will be closed; there will be no barter or trade of any kind whatsoever. Here is a choice bit from this new evangel now sweeping the country under the auspices of the Anti-Saloon League spirits: "Too long have the people of the earth clung to the fleshpots, and their doom is as certain as that of Tyre and Sodom. Europe is the Sodom and America the Gomorrah, and only the immediate return to the Puritanical religious precepts of

the witch-burning days can save the earth from destruction."

It clearly is to be seen that this apostolic prophet of doom would rejoice in lighting the faggots of the funeral pyres whereon the unregenerate should die.

This is talk merely a bit more extreme than now is heard on every hand. But it represents the logical outcome of this menace to democracy if permitted to have its intolerant way. This man and all his kind represent something that was thought to have been banished forever from the world. He invokes discussions, hatreds, intolerance, all the black brood of evils which cursed the earth through eighteen bloody centuries. And he speaks this creed openly in America!

Rev. Dr. Niles Carpenter, of Harvard University, is not of the ilk of the Tennessee divinity legislator. He recently declared that Sunday blue laws were un-Christian. He finds in recent schemes for social reform all the essential elements of Bolshevism. He asserted that it was not Christian for any minority to decide what was best for a majority, that such policies savor of Bolshev-

ism, leading to such movements as the blue law movement and the earlier restrictive laws in this country and England.

## NEED KENTUCKY MAN IN THE CABINET

(Courier-Journal)

The glee with which some Democratic newspapers hail—among the variable and fluctuating rumors from the haunts of the President-elect—the report that Alvin T. Hert, of Kentucky, will not be a member of the Cabinet is incompressible, except as a manifestation of partnership as petty as it is provincial. The fact is that the Cabinet is going to be made up of Republicans from somewhere. It would be a signal honor for Kentucky to have one of its citizens in a position of such distinction in the place of a citizen of another State, with no greater qualifications. If Kentucky had a sufficient number of Republicans of Cabinet caliber, we are frank to say that we would take pride in seeing the entire Cabinet recruited from them. The more the merrier!
